Keep reviewing the videos of the first topics. **Practice makes perfect.**

3.1. Watch the video “Basics of geography: Climate.”

a) Explain the concepts of geographic latitude and longitude. What defines each of the five major circles of latitude?

b) Outline the Köppen climate classification system. What factors affect climate?

3.2. Watch the video “Bedlam dig begins at Liverpool Street station.”

a) List and briefly describe different types of cemeteries. Do you think these burial grounds have a historic value?

b) Find information on the history and effects of the Black Death (1347) and the Great Plague of London (1665).

3.3. An archaeological excavation is a destructive process that can only be carried out once, thus requiring a methodical approach. List the necessary equipment and outline the steps to be followed when digging a site.

3.4. Watch the video “How to create an awesome PowerPoint presentation.” Do you agree with the advice it gives? Why? Can you think of other tips for the design of presentation slides? Find a website that provides useful guidance.

3.5. Chris Thomas proposes “Five memorable key steps to ensure a good presentation.”

a) Why does he call them “memorable”?

b) Do you use similar techniques to memorize things? Give examples.

c) Write the outline of the video.

3.6. By the end of this week your glossary should already have 105-150 terms.
