Remember: **Quantity** is more important than quality. Write as much as possible. Practice **every day!**

2.1. Watch the video “Exploring landforms and bodies of water for kids.”

a) Give an overview of the geography of the seven continents. Which are their most significant natural features?

b) Explain the differences between a political map, a physical map, a topographic map, a climate map, an economic or resource map, a road map, and a thematic map. What information does each of them show?

c) Write a brief report on the submarine volcanic activity that took place off the island of El Hierro in 2011.

d) The end of the video shows seven types of landforms that “we didn’t have time to discuss” (63). Describe them.

2.2. Watch the video “The Terracotta Warriors.”

a) List ten other famous mausolea. Pick one of them, and write about its construction and the dead person’s life.

b) Is the Great Wall of China really visible from space? Discuss.

2.3. How do archaeologists find sites? Specify the strategies and tools that allow them to locate buried remains.

2.4. Suppose there is a history course that you are interested in. Write a formal letter to the instructor requesting information. Follow the basic structure explained by Dustin Wax and use expressions from the table in “Writing business letters in English.”

2.5. By the end of this week, your glossary should be enlarged in 35-50 words. (It should contain 70-100 words.)
