Keep reviewing the videos of the first topics. **Practice makes perfect.**

3.1. Watch the video “Basics of geography: Climate.”

a) Explain the concepts of geographic latitude and longitude. What defines each of the five major circles of latitude?

b) Outline the Köppen climate classification system. What factors affect climate?

3.2. Watch the video “Bedlam dig begins at Liverpool Street station.”

a) List and briefly describe different types of cemeteries. Do you think these burial grounds have a historic value?

b) Find information on the history and effects of the Black Death (1347) and the Great Plague of London (1665).

3.3. An archaeological excavation is a destructive process that can only be carried out once, thus requiring a methodical approach. List the necessary equipment and outline the steps to be followed when digging a site.

3.4. Watch the video “The dos and don’ts of e-mail etiquette.”

a) Outline the suggestions given there.

b) What is the difference between the English honorifics *Ms, Miss,* and *Mrs?*

c) Explore Snopes.com, and reproduce here an urban legend that strikes you.

3.5. The article “Eighteen etiquette tips for e-mailing your professor” applies e-mail etiquette to the academic world. Check different online lists of “things you should never say to your professor” and mention some of those you have heard, read, or perhaps even said yourself. Comment on them.

3.6. By the end of this week your glossary should already have 105-150 terms.
